法規科學專題演講

Academic relationships that support pharmaceutical excellence:

The Role of Centers of Excellence

To be successful in their mission, regulatory CoEs (Centers of Excellence) must take a multistakeholder approach, integrating strengths from academia, industry and regulatory agencies. In this context, we will explore how CoEs are organized and the important role that academia plays in their success.

LAWRENCE E. LIBERTI,
PhD, BPharm, RAC

- **Associate Professor** of Regulatory and Quality Sciences
- **Director** of the D.K. Kim International Center for Regulatory Science
